**Goodbyes from our 2017-2018 officers and hellos from our 2018-2019 officers.**

### Area 2 President 2017-2018

Dear fellow Scouters,

This past year I had the distinct honor of being your Area 2 President. Looking back, our main goal was to support our Venturing program within the mitten of Michigan. From putting on Venturing University to assisting our council VOAs, we did so this past year.

When I joined Venturing in 2014, there were not many VOA specific events going on within Area 2. Now we have had over 9 camping and training opportunities across the state. I'm so proud to see the dedication we have seen within our councils this past year. My hope for Area 2 in the future is to have all 4 VOAs up and running.

I have had the opportunity to meet so many amazing crews, and their members across the state. I will cherish these amazing memories that I've been able to experience. I want to also challenge these crews to go out and just explore the world.

I also wanted to state that this year has been phenomenal due to the amazing team we have had on the area staff. From my VPs to my advisors I'm so happy that I got to work with these amazing and talented people this past year.

Finally, I want to thank all of our youth leaders and advisors on the area level, council level, and crew level. You all are making a difference in the world by the work you are doing, I implore you to keep that passion alive for Venturing and assist us in leading the adventure for the future.

Yours in Venturing,  
Gordon Meier

### Area 2 Vice President of Administration 2017-2018

Dear fellow Scouters,

It has been an honor and a privilege to serve as your Central Region Area 2 Vice President of Administration for the 2017-2018 term. As I came into this program I didn't know anybody, or really know anything about the program—in fact, CRVOO was my first ever Venturing event! Although I still feel very new to the program, this

year I got the chance to not only travel around Area 2, but I also had the opportunity to travel to Chicago for CRVOO (Central Region Venturing Officers Orientation), St. Louis, Missouri for the Fall Fun Rally in Area 3, and to Area 7 for the Area 7 extravaganza.

I wasn't sure on what my goals were to be this year other than to get the job done, but in my term, we had 100% CSVE turn in and we conducted two (2) training events with A2VOO (Area 2 Venturing Officers Orientation) and Venturing University, also in my term we have given out two (2) Area VLAs. This program has given me so much in such a small amount of time including meeting new people and getting to know Venturers across Area 2 and the Central Region. I cannot wait to see what else this program gives me. As my term comes to end I would like to say hello to the new Area 2 officers. I am not

going anywhere, but am staying on and helping the area in a different capacity as well as serving on Venturing's National Communication's team. If you take one thing away from this farewell letter, I hope it is to lead the adventure.

Thank you for everything,  
Brandon Gaines

### Area 2 Vice President of Communication 2017-2018

Dear fellow Scouters,

It has been an honor to serve you as your Area 2 Vice President of Communication. It was my goal this past year to improve the communication and awareness between the councils through a newsletter. It is my hope that this was accomplished, and that each council feels more aware of what is happening in the other councils.

Through my position, I have gained more experience in effectively communicating with those who have different backgrounds and skill sets than myself. This knowledge has helped me both in my professional and personal life. This position helped me to become more aware of the world, who I am, and my place in our beautiful blue, green globe.

Venturing has given me a love for the world that I wish for each and every one of you to have. You are all wonderful people with talent and goodness to spread. I have no doubt that all of you who I have met and those I have not yet will impact the world in your own spectacular way.

I wish you all the best.  
With love,  
Catherine Tutt
