

Planned Program Award Application for Venturing Crews and Sea Scout Ships

A high quality, fun, exciting program to each Venturer is an important goal. The four-step program offers assistance in your planning process:

1. Schedule your program planning session.
2. Conduct the planning session, establishing the following:
 - Skill or award concentrations for 12 months, September through August.
 - Activities for each month.
 - Dates for crew/ship meetings and officer meetings.
3. Present the plan at the next special parents night.
4. Present the plan to your unit commissioner or district vice chairman of Venturing. An honor unit ribbon will be sent to your next district roundtable for presentation when the planned program form is forwarded to the Northwest Suburban Council service center.

Crew/Ship # _____ has a planned annual program. Year: 200__ - 200__

We have planned our quality program and request that our recognition ribbon be presented at the next district Roundtable.
